

Europa Re Announces Establishment of Representative Offices in Albania, Serbia and FYR of Macedonia

2 April 2013 - At the end of March 2013, Europa Reinsurance Facility Ltd. ("Europa Re"), the regional catastrophe and weather risk reinsurer in the process of formation for Southeast Europe (SEE), successfully established representative offices in each member country - Albania, Serbia and FYR of Macedonia. The addresses of Europa Re representative offices in these countries are indicated below.

The local presence of Europa Re in these markets aims to ensure smooth implementation of its web-based insurance market infrastructure, disaster response technologies and reinsurance solutions that support the Facility's catastrophe indemnity and weather risk products. The newly opened offices will also greatly facilitate the ongoing dialogues with country shareholders, local insurance companies and insurance regulators in these countries.

Representative Office in Albania:
